Life Education Workshops March 2022	£355	£355	<p>Foundation Stage and Key Stage 1 (Nursery to Year 2) learn about keeping their bodies healthy, feelings, being a good friend and the safe use of medicines. At Key Stage 2 (Years 3 to 6) experienced and specially trained Educators help children to consider the effects and risks associated with the use of drugs, including medicines, alcohol and tobacco. In addition, children learn about choices that can affect health and well-being, skills of friendship and how to cope with bullying and peer pressure. Annual Life Education visits in classrooms will enable children to be better equipped to make healthier lifestyle choices.
