

# Maple Weekly Newsletter

Friday 20th May 2022

## HOME LEARNING

**Enjoy sharing your Nursery books and tell us what you thought of your stories!**

**Can you find some shoots or seedlings growing in your garden or when you go outside?**

**Do you grow vegetables at home?**

Dear Parents,

This week we have been enjoying our outside learning environment, planting new plants, caring and watering our vegetables and watching our sunflower seeds sprout little shoots. Also, we have spent time up on our amazing field searching for bugs that live in the hedge rows. We have had a delightful teddy bears picnic in the woods with our nursery bears, sandwiches and fruit, and of course lots of bear stories.

We have continued with our Queens Jubilee celebrations and have been creating some special artwork for the occasion. We have looked at all the amazing jewels that are in the Queens many different crowns. Counting, sizing and colour sorting them in groups.

Please remember that we are having our school photos taken next Friday.

Hope you have wonderful weekend!

Miss Farress and Miss Joyce

## Star of the Week

This week Star of the week goes to Otis. Otis shows us how much he respects and cares for the natural environment and all living things. Otis has been sharing his knowledge of the bugs he found on our bug hunt. Also, Otis has planted his tomato plants, which he brought in from home, in our in our garden.

Thank you Otis for sharing all your knowledge and we are excited to watch you tomatoes grow.
