

# Oak Weekly Newsletter

## Friday 17<sup>th</sup> June 2022

### Home Learning

Reading their own books or their schoolbooks **to be recorded in reading records please.**

At least 10 minutes Times tables practice on TTRS every day.

Geography reading comprehension on Google classroom.

### Attendance

Attendance this week in Oak Class was 100%. This is amazing, well done Oak Class.

Attendance is so important to us at Dunsford Community Academy, and we really value and appreciate your support with this. Every day missed is 6 hours of learning lost. We are aiming for 100% attendance in Oak class every week and we know that we can do this!

### Dear Parents

It has been a wonderful week in Oak class with lots of opportunities to explore new learning inside and outside of the classroom. The children have enjoyed getting creative in Forest School designing their wood cookies, and in class they have explored their new art unit on Cubism. The year 6s have enjoyed having time this week to prepare for some of their leaver's activities.

In writing, the children have continued with their new unit based on writing a balanced argument. The children have been developing their writing skills in their sentence stacking lessons and have applied these successfully to their own sentences.

In science, the children have been working scientifically through making predictions about whether a material is soluble or insoluble. Once the children had made their predictions, they carried out an investigation to discover if their predictions were correct.

Have a lovely weekend!

Mrs Wood

  
Star Pupil of the Week

### Evie

For working hard in literacy: crafting quality sentences, using the literacy skills successfully and completing the challenges each day.

**PGL Residential information meeting** Monday 4pm

PE is on **Tuesday and Friday.**
